

As the online form indicates, you can ask for the whole congregation to pray in church for you or others by name. Or you can choose confidential prayer; only clergy and prayer guild members will be given your prayer information.

You will also find prayer request cards to be used for this purpose, in your pew card racks. (If this request is for another, please be sure the person wants to be on the prayer list.)

**We do appreciate responses when the situation changes or when you want to remove names from either prayer list. To do so, please contact the Parish Office at 912.598.7242.**
