

Vestry Candidate: Mary lee Beach

My husband Stephen Ford and myself moved to Savannah from Pittsburgh PA in 2019. I joined the Church in the fall of 2019 and became involved with Bible Study and volunteered for the Flower/Plant sale for the Market @ 3 West Ridge. Once Covid restrictions eased I had the opportunity to join both the Hospitality Team and the Elderhood Committee. At my prior Churches I was a Sunday school teacher and a member of the Bell Choir.

One of my passions is giving back and was the President of the Pennsylvania Physical Therapy Association Private Practice Section and gave presentations on How to open a Private Practice from Vision statements, policy and procedures, financials to Rules and Regulations. In addition being a Delegate at both the State and National levels of the APTA and worked on multiple practice, bylaws, awards, nominating and strategic planning committees.

As a prior owner of my own Physical Therapy practice I developed a unique skill set which requires the ability to multi-task. Treating patients ages 8-100, dealing with all personality types and needs, all while setting budgets ( including capital equipment , reserve funds, updating and changing contracts, employee retention /benefits all while maintaining high quality and value for the patients.
